Billy Job Accused Him of Hugging a Post to Keep From Getting Lost—Description of Brilliant Affair.

(By William Job.)

Jefferson City, Jan. 14.—Monday January 13, proved to be a beautiful day for the inauguration of Governor Major, and one long to be remembered by the people of Missouri, and especially those who witnessed the ceremonies. The assembly rooms were beautifully decorated with flags, roses, wild smilax from Alabama and laurel from Virginia. Senators and representatives wore carnations, the ladies roses and carnations. I decorated myself the best I knew how with violets. A large picture of Governor-Elect Major hung high over the speaker's stand, surrounded by a horseshoe made of red, pink and white carnations. Eight hundred were admitted to the ceremonies by ticket, besides the assembly, that being all the building would accommodate. Senator Craig had so many friends wanting admittance that I looked out for myself, and thank the lone progressive for my ticket. The senate and house held a short session and adjourned. The supreme court marched into the representative hall, followed by the state senators, and were seated in front. Governor Hadley and Governor-Elect Major marched down the main aisle of the hall, followed by the remainder of the state officials. Governor Hadley, Lieutenant Governor Gmelich, Lieutenant Governor-Elect Painter and Speaker Hull occupied the speaker's stand, while Governor-Elect Major, Secretary of State Roach, Auditor Gordon, Treasurer Deal, Attorney General Barker and Justice Henry Lamm occupied the chief clerk's stand. Judge Lamm swore in Governor Major and the remainder of the state officials in the order named. The oath was very short and simple, such as is used in swearing in a road overseer or any official. The swearing in of the officials did not occupy more than ten minutes, and when this was completed there was a salute of sixteen guns fired from the old capitol bluff, and before the echo of the last gun had hardly died away the new governor arose to make his inaugural address, and as he arose the people in the hall arose in one solid body and cheered after cheer went up until Governor Major motioned them down. The address and message were listened to very attentively, there hardly being a stir while he was speaking. Except when interrupted by applause the crowd was handled very nicely.

My friend Fred Harvey of Maryville was at the inauguration of the governor, being here at this time with others from different parts of the state trying to formulate a bill in the interest of drainage and reclaiming swamp lands. With him and others we attended the reception at the governor's mansion, having had a tip before hand that if we would wait until about 9:30 we would arrive in time to hear Miss Felice Lyne, the noted singer, just as we entered the parlor of the mansion, Miss Lyne began singing, and standing half way up the stairway where she could be heard by all. She is indeed a very sweet singer, and after she sang several selections we were ushered along the line and introduced to Governor Major, who presented his wife, Mrs. Major, who presented Mr. Hadley, then Mrs. Hadley, W. R. Painter, Mrs. Painter, Cornelius Roach, Mrs. Roach, Mrs. Gordon, Mr. Deal, Mrs. Deal, Mr. Barker and Mrs. Barker.

The mansion was handsomely dec-

orated the same as the capitol, except the addition of Spanish moss hanging from chandeliers, etc. It was Governor Major's desire that this be a free for all reception, and for a time there was such a jam that it was almost impossible to get in, and when you did it was more trouble to get out. The mansion was crowded to its fullest capacity while we were there. The ladies and gentlemen that came to the reception to remain for a while were very handsomely dressed, most of the men wearing dress suits and the ladies very handsome gowns. I did not take a peep in at the ball at the mansion, but went and looked on at the ball upstairs for a while. I thought I could get Friend Harvey to take a hand but he put both arms around one of the pillars that supported the ceiling and I couldn't get him loose. I heard that Senator Craig had a clawhammer coat and was going to be one of the boys at the reception, but I didn't get eyes on him while I was there. If I had, most likely they would have carried me out on a stretcher.

The inauguration of Lieutenant Governor Painter at 3 o'clock in the senate chamber was a swell affair, and the speech of the retiring and incoming lieutenant governors to the senators and representatives were good.

### TO PLAY THE PLATT TEAM.

The Normal to Play the St. Joseph Team on Saturday Night at Normal Gym.

There's going to be some basketball game out at the Normal Saturday night. Of course the management advertises every game as the best of the season—that's a manager's privilege—but when Coach Moore announced Tuesday that he had matched a game for Saturday night with the Platt's Commercial college team of St. Joseph all the basketball fans shouted with glee, because the green and white team has not been pitted against a team on the home court this season that has made them work extra hard to win. But with the Platt's it will be quite different—in fact, the locals will be mighty lucky to get away with the game at all.

The St. Joseph team is one of the best in this part of the country, and up until last Friday, when they were defeated by Tarkio college by almost the same score as was the Normal the week before, they had not met defeat in three years.

The Normals haven't been playing such a bad article of ball this season and there isn't a team in the whole world they would rather beat than the Platts, so if you really want to see a sure-enough exhibition of the popular indoor game, journey out to the Normal Saturday night about 8 o'clock. It costs only a quarter, and the management needs the money.

### ANOTHER SUIT FILED.

Bradyville Real Estate Firm Brings Suit on a Note Against A. P. Swaney.

Holton, Gray & Co., real estate agents, of Bradyville, Ia., brought suit Wednesday against A. P. and Alice Swaney for \$175.60. The petition claims that the real estate company has the promissory note of the defendants for \$175.60, date January 1, 1910, and since the same is due the defendants have failed to pay the same. Shinabarger, Blagg & Ellison are the attorneys for the real estate company.

Guests at Harmony Parsonage. Mrs. E. A. Parody and son of Stronghurst, Ill., and Mrs. R. E. Anderson and children of Winner, S. D., who have been guests at the home of Rev. C. R. Green, pastor of Harmony church, northeast of Maryville, left Wednesday. Mrs. Parody and her son returned to their home in Illinois, while Mrs. Anderson and children joined Mr. Anderson at Conway, Ia., near where they will live. They went to South Dakota a few years ago and took some government land, which they have proved up on and are now ready to resume residence in an older and more populous country.

### Death From Pneumonia.

Viola, the 8-months-old daughter of Mr. and Mrs. John Nielson, living three miles north of Guilford, died Wednesday morning after a few days' illness of pneumonia. The funeral services will be held at 1 o'clock Thursday afternoon at the M. E. church in Guilford, Rev. Hoover conducting the services.

George Shoptaugh, president of the Bank of Elmo, was a city visitor Wednesday.

Mrs. F. I. Dunn returned to Bolckow Tuesday evening from a short visit with Mrs. N. A. Kavanaugh.

## TO VOTE FEB. 15 MAKES 3 CLASSES

### PATRONS OF MUTUAL LINES TO DECIDE AS TO INCORPORATION.

## NO MONEY TO BUILD SO MORE WILL COMPETE

Lines Recently Recommended Cannot Be Built for Lack of Funds—Incorporation to Provide Way.

An election of the patrons of the Farmers Telephone company of this city will be held on Saturday, February 15, in the circuit court room to decide by popular ballot the question of incorporation.

Every line will send a representative to the meeting which will be held on that day.

The following is the notice of election which is being sent out by the committee:

Notice is hereby given to all patrons of the People's Telephone union of Maryville that an election will be held in the circuit court room on Saturday, February 15, at 1 p.m., on the subject of incorporation. Several reasons may be assigned why the board of directors has ordered the election. Under the present form, the board cannot assess more than 50 cents per month without the consent of two-thirds of all company lines.

This classification will give the small high school a chance to compete with other schools of its own caliber, and will probably make the entry list larger than ever before.

The plan is as follows: High schools of the district are to be divided into three classes. Class A containing high schools of over 500 enrollment; class B containing high schools enrolling from 100 to 500; and class C containing all high schools enrolling less than 100.

This division is made for the track meet only and will have no effect on the literary contests.

The events will be run as usual and no separate events for the different classes are contemplated. The school scoring the highest number of points wins the championship cup whether that school be in class A or not. That school in class B or C scoring the highest number of points wins the class B cup, and likewise the highest score made by a class C school wins a class C cup. It will be seen from the above that a school may win a cup in a class higher than its own, but if such be the case, that school will thereby forfeit any claim to the cup in its own class. This makes the winning of two cups by one school impossible, and gives a chance to a larger number of schools.

Another decision of the committee which will benefit the small school is that while only the first four in each event may count points, yet in awarding individual prizes all class A contestants are to be ignored in counting places, though they, too, will receive prizes. To illustrate we will assume that in the 100 yard dash class A entry finishes first and another class A entry finishes fourth; second, third, fifth and sixth places being captured by entries in classes B or C. Gold medals will be given to the men finishing first and second, a silver medal to the man finishing third, a ribbon to the class A man finishing fourth, a bronze medal and a ribbon to the men finishing fifth and sixth respectively.

Thus six men have a chance to win a prize now, whereas, formerly only four could do so.

The literary contests are only slightly changed. A new list of authors from whose works selections may be offered has been prepared. The list for the boys' orations includes the following: Webster, Grady, Graves, Lincoln, Beecher, Clay, Calhoun, Henry, Hay, Gladstone, Roosevelt, Bryan, Ingalls, Abbott, Beveridge.

The girls' declamations must be chosen from the works of Browning, Tennyson, Longfellow, Emerson, Lowell, Shakespeare, Riley, Kipling, Field, Leight Hunt, Miller, Holmes, Whittier, Elliott.

Since the meetings started on Sunday, January 5, there has been twenty-five conversions. And the meetings have been well attended, considering the stormy weather.

### Will Attend Funeral.

Mrs. M. Heffern and her daughter, Miss Elizabeth Heffern, went to St. Joseph Wednesday morning to attend the funeral services of a relative, Miss Margaret Slattery, who died at her home in that city Tuesday morning. The funeral services will be held Thursday morning.

Gustavus DeLana will leave in a few days for El Reno, Okla., to join Mrs. DeLana on her winter's visit there with their son and daughter, John DeLana and Mrs. J. Lester Funk. The parents of Lester Funk, Mr. and Mrs. William Funk of this city, left last week for El Reno to spend the remainder of the winter.

### NEW RULE FOR TRACK MEET FA- VORS SMALL SCHOOLS.

Many Entries Are Expected Under New Rule and 1913 Track Meet Will Surpass Preceding Ones.

Competition in the spring track meet and literary contests of the Northwest Missouri Inter-High School Association to be held in Maryville under the State Normal School will be keener this year than ever before. The meet is always held on the last Friday and Saturday in April and will fall this year on the 25th and 26th.

The following is from the Normal paper, The Pragmatist, in regard to the meet:

As a result of considerable thought and discussion the committee appointed last spring, with power to classify schools, has made its report and this will be incorporated in the rules of the association.

This classification will give the small high school a chance to compete with other schools of its own caliber, and will probably make the entry list larger than ever before.

The plan is as follows: High schools of the district are to be divided into three classes. Class A containing high schools of over 500 enrollment; class B containing high schools enrolling from 100 to 500; and class C containing all high schools enrolling less than 100.

5. The pony express.

6. Moving pictures, a factor in education.

Letters are being received from all over the district showing an unusual interest in all the contests and it is more than probable that this will prove the best year yet for the association.

### PAPERS WILL BE HERE.

So Water Plant Can Be Transferred to the City—Were Sent Tuesday.

Word was received in Maryville Wednesday morning by G. B. Roseberry from President Street of the water company that all of the papers in connection with the transfer of the water company to the city were sent from New York City Tuesday night, and will be sent to the First National bank of this city. It is thought that the papers will arrive Thursday. After the papers are signed and \$50,000 turned over to the company, then the plant will be in full possession of the plant.

### BANK SUES ON A NOTE.

Maryville National Brings Suit Against Fred Carr for \$4,245.70, and Will Come Up at February Term.

A suit was filed Wednesday in the circuit clerk's office by Shinabarger, Blagg & Ellison for the Maryville National bank against Fred Carr. The petition states that the plaintiff loaned the defendant, August 23, 1912, \$4,245.70, which was to be paid November 23, 1912; that the defendant has failed and refused to pay same, having been requested to do so many times. Mr. Carr is now living in Nebraska.

Another decision of the committee which will benefit the small school is that while only the first four in each event may count points, yet in awarding individual prizes all class A contestants are to be ignored in counting places, though they, too, will receive prizes. To illustrate we will assume that in the 100 yard dash class A entry finishes first and another class A entry finishes fourth; second, third, fifth, and sixth places being captured by entries in classes B or C. In the essay contest only one entry will be received from each school. The topics for 1913 are as follows:

1. The use of the Panama canal as a factor in American commerce.

2. The effect of the initiative and referendum on progress in Missouri.

3. Preventive medicine and its accomplishment.

4. Back to the farm or new farm methods.

## Maryville in 1869.

It may be interesting to our readers to know what we have done as a town for the year 1869. There are particular periods in the history of almost every place of which the citizens thereof are proud; we hardly think that time has passed with us yet, though we have done much the past year of which we can boast. Many valuable improvements have been made and we are rapidly building up a town that, in a short time, can put on city airs and wear them with grace.

There have been one hundred and ten dwelling houses built within the past year, at an average cost of \$700 each.

Seven business houses have been erected at an average cost of \$3,000. Two churches costing \$4,000 each; an addition to the Catholic church at a cost of \$1,500; one grist mill costing \$70,000, and school house \$5,000.

The foregoing foots up \$117,500 of wealth added, and no estimate made of repairs, additions and other improvements made, which will foot up about \$15,000 more.

Twelve of our leading business houses sold \$320,000 worth of goods, wares and merchandise during the year 1869, and smaller houses about \$30,000, making \$350,000 of merchandise sold in one year, which exceeds the sale of any former year by \$15,000.

Our population, which at the commencement of the year 1869, was about 1,200, is now at least 1,700.

Twelve months ago our sidewalks were confined to the front of some of our business houses; now they extend almost the entire length of Main street, and on First to the school house.

From the foregoing it will be seen that we have added to our wealth and population at least 50 per cent. The policy of our real estate holders has been, as a general thing, to encourage improvement instead of forcing their property away up, and out of reach of those who would invest their capital here in lots and improvements.

But the substantial progress of Maryville has not by any means been confined to an increase of wealth, population and business. Our city government has been efficient during the past year in suppressing lawlessness and turbulence, till Maryville has become one of the best regulated and most orderly towns in the state, and with this improvement has come a corresponding progress in the moral and social conditions of the city. In taking this brief review of the history of Maryville for the year ending December 31, 1869, we feel much whereupon we may congratulate ourselves and abundant grounds whereon we may build very flattering prophecies for the progress of the coming year.

## WANT TO OWN IT

ELMO TO VOTE ON BONDS TO BUY  
LIGHT PLANT.

## TOWN WITHOUT LIGHTS

People Would Rather Spend Money to  
Own and Operate Plant Than Go  
Back to Coal Oil Lamps.

The citizens of Elmo are planning to own their electric light plant, and within the next few weeks an election will be held in that town to vote on a bond issue of \$3,000, so as to buy the present plant there, which is now shut down.

The present plant was put in at Elmo by the former financier of that town, Joe Younger. When Joe got into financial difficulties the plant was put under the receiver, George Walton of Elmo. Just a few weeks ago the receivership of the Younger properties was discharged as a settlement had been made in several of the cases against Younger. The plant was sold a week or so ago to Mr. Fugue of Texas, who had a second mortgage on the plant, and subject to the first mortgage.

Since the plant was sold the light service has been discontinued there and there has been no service since a week ago Monday. The Elmo people can't get along without the electric lights, and they do not want to go back to using oil lamps. So a petition is being circulated and about two-thirds of the voters of that town signed it. The petition will be presented to the town board of Elmo and they will set aside a day when the matter will be voted on.

Outside of Maryville, Burlington Junction is the only town in the county that has an electric light plant.

## ON THE DIVIDE.

Mr. and Mrs. R. W. Ambrose and son were Maryville business callers Saturday.

Mrs. Henry Coulter and daughter were Sunday guests of her parents, Mr. and Mrs. T. S. Wright.

Several young folks of this vicinity attended the party given at the home of R. R. Smith of Arkoe.

John Ambrose spent Sunday the guest of Roxy Wilson at Walter Coulter's home.

Mr. and Mrs. Jesse Douglas and Mrs. B. M. Chandler were Maryville visitors Tuesday.

Willie Furlong just returned from a trip in the south with a view of locating.

There seems to be a great amount of sickness in this vicinity.

It seems to be too cold for news to fly, so news with me is scarce for this time.

## HEALTHY WOMEN SCARCE.

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run down, thin, nervous, tired and debilitized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but, thanks to Vinol, I am feeling all right again."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. O'rear-Henry Drug Co., Maryville, Mo.—Advertisement.

## BURLINGTON JUNCTION.

The skating rink is doing a good business.

Loren Smith of Shenandoah visited over Sunday with his mother, Mrs. Florence Smith.

J. N. Norris &amp; Co., the local poultry dealers, have shipped 40,000 pounds of chickens since December 31, and have a car of about 19,000 pounds going out the last of this week. They ship to New York and Brooklyn.

Be sure and attend the home talent play, "The Face at the Window," at the Grand opera house Friday, January 17.

The M. E. Sunday school will give a banquet at the I. O. O. F. hall Thursday, the 16th.

Lewis Miller was the guest of his mother in Maryville Sunday.

Lon Monk and G. E. Surface have got an extra force on duty putting up ice.

You can skate every afternoon and evening at the rink.

George Kemp and wife were in town Tuesday night.

## Wednesday Dinner Guests.

Mr. and Mrs. A. J. Anderson were guests at 12 o'clock dinner Wednesday at the home of Mr. and Mrs. G. R. Eperson, West Eleventh street.

## Quilted for a Neighbor.

Ten ladies of the Royal Neighbors spent the day Tuesday with one of their members, Mrs. C. E. Jones, north of Maryville. The time was spent socially and in quilting for the hostess, who served her guests with a delicious chicken dinner.

## Newlyweds in Session.

Mrs. Frank Reavis entertained the Newlyweds Embroidery club Wednesday afternoon in their usual meeting. The members present were Mrs. Leo Butler, Mrs. Jesse Paulette, Mrs. Fred Harbison, Mrs. Cleve Moyer, Mrs. Chester Bennett, Mrs. Glen Goff.

## Adopted Constitution and By-Laws.

The Dressmakers' club met Tuesday evening at the home of Mrs. Elizabeth French and held its most profitable and social meeting, as the organization was more thoroughly effected in the adoption of a constitution and by-laws. The membership includes Mrs. C. B. Roberts, Miss Nannie McNeal, Miss Anna Stapler, Mrs. D. E. McDonald, Mrs. S. T. Gile, Mrs. Louella Landfather, Miss Emma Shroyer and Mrs. Elizabeth French.

## Elected New Officers.

The Jewel Art club held a business and social session at the home of Miss Hazel Gove Tuesday night, and elected the following officers: Miss Cleo Grundy, president; Miss Lois Cummings, vice president; Miss Ola King, secretary-treasurer. Two new members were added to the membership, Misses Bertha and Ruth White. After the business and work hour the hostess served luncheon. The next meeting will be held at the home of Mrs. W. J. Staples with Misses Ola and Ora King as hostesses.

## Entertained in Honor of Son.

Mr. and Mrs. James Hook, east of town, entertained a few of their friends last Friday evening in honor of their son, Edgar L., and his friend Mr. Ora Smith of Hardin, Mont. The evening was spent in playing games and merry making, after which the host and hostess served a delightful luncheon at two long tables. The guests present were Mr. and Mrs. Ben Jones and family, Mr. and Mrs. Mort Smith and family, Mr. and Mrs. Cyrus Parker and family, Mr. and Mrs. Albert Mercer, Mrs. John Dick, Misses Chloe and Ethel Dick, Elmer Dick, Mrs. W. L. Marsh, Edith Marsh, Dale Marsh, Mr. Roland Moss, and the guests of honor, Mr. Edgar L. Hook and Mr. Ora Smith.

## They Studied "Everyman."

The Shakespeare department of the Twentieth Century club met Tuesday afternoon at the home of Mrs. Frank Shoemaker. After the routine of business Mrs. John E. Cameron read a paper on "Religious, Moral and Miracle Plays," and was followed by Mrs. Corwin in the outline of "Everyman," author unknown. Mrs. O. C. Hanna gave a discussion of the play, when the club engaged in a general conversation upon it. The word drill was given by Mrs. G. B. Holmes, current events by Miss Della Gremm and the parliamentary drill by Mrs. E. G. O'rear. The next meeting of this department will be held January 28 with Mrs. J. S. Shinabarger, when the play "A Servant in the House," by Charles Rann Kennedy, will be considered.

SEE IF YOUR CHILD'S  
TONGUE IS COATED.

If Cross, Feverish, Bilious, Give Delicious "Syrup of Figs" to Cleanse It's Little Bowels.

Look at the tongue, Mother! If treated, it is a sure sign that your little one's insides, the stomach, liver and thirty feet of bowels are clogged up with putrefying waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad; has stomach ache, diarrhoea, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs, and in a few hours all the foul, constipated waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

With Syrup of Figs you are not dragging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered—Advertisement.

## SAYS CENTRAL BANK NECESSARY

St. Louis Man Addresses House Banking Committee.

#### TEXAS MAN SUBMITS PLAN.

He Proposes a Currency Bank With Eight Branch Stations Owned by the Government to Make Loans to Banks in Emergencies.

Washington, Jan. 15.—"This country can never have a sound monetary system without a central bank," declared Festus G. Wade of St. Louis, a member of the banking and currency committee of the American Bankers' association, before the house currency reform committee. Mr. Wade said the so called Aldrich plan proposed the best system that had come under his observation.

Chairman Glass said the Democratic party's declaration against the Aldrich plan practically precluded the consideration of the central bank feature and asked for an opinion on a system of divisional reserve banks, supervised by a central board.

"You may be able to work that out," the witness replied, "but the system will not be sound without the central bank."

Mr. Wade insisted Democratic opposition to a central bank was largely sentimental and recommended that the committee report a measure similar to the Aldrich plan.

"Whether it is sentiment or the ghost of Andrew Jackson," replied Chairman Glass, "there is an insurmountable political obstacle to the Aldrich plan."

Proposes Currency Bank.

James E. Ferguson, a banker of Temple, Tex., submitted a bill to establish in connection with the office of the comptroller of the currency "the currency bank of the United States," with branches, to be known as "currency stations," and authorize the issue of \$700,000,000 in currency by the United States government. The plan contemplated the loan of currency to banks on commercial paper at 5 per cent interest. Mr. Ferguson said only an elastic currency issued by the government itself would meet panic conditions.

#### FARMER SHARES PROFITS

Is Paid More for His Live Stock Than One Year Ago.

Washington, Jan. 15.—The farmer was sharing the profits of the increased cost of living as far as the increased cost paid for meats on Dec. 15 last, as compared with those of a year ago, according to figures announced by the department of agriculture. At the same time the farmer was receiving less for his staple crops than he did a year previous.

Average prices received by producers on Dec. 15 last showed hogs selling at \$6.89 per 100 pounds, an increase of \$1.17 over the same time in 1911; beef cattle at \$5.33 were 96 cents higher; veal calves at \$6.88 were 90 cents higher; sheep at \$4.21 were 50 cents higher, and lambs at \$5.70 were 77 cents higher. Hogs, veal calves and sheep were lower than in 1910.

Prices paid to farmers for staple crops on Jan. 1 averaged about 17.2 per cent lower than at the same time last year.

#### NEW RANGE LAW IS NEEDED

President Jastro Opens Convention of Stockmen.

Phoenix, Ariz., Jan. 15.—The need of stringent federal laws safeguarding the rights of stockmen and extending their privileges was advocated by N. A. Jastro, president of the American National Live Stock association, at the opening session of its annual convention. Mr. Jastro attributed the fact that the United States has less live stock per capita than ever before to the unsatisfactory range conditions, "arising out of indiscriminate grazing and the scramble to secure what is left of the already depleted ranges." Federal regulation, he asserted, offered the only solution of the problem.

#### Cadet Who Married is Under Arrest.

West Point, N. Y., Jan. 15.—Elmer L. Adler of Billings, Mont., the cadet who ran away a week ago to marry Florence E. Davis of Tarrytown, is under arrest here, having voluntarily returned to face charges of absence without leave. He has been stripped of his rank as sergeant, but the military academy authorities have refused to accept the letter of resignation which he submitted, as Adler is not of age. He will be allowed to continue work with his classes until Commandant Sladen learns from the officials at Washington just what action will be taken in his case.

#### Ohio River Continues to Rise.

Evansville, Ind., Jan. 15.—Relief work among the flood sufferers along the Ohio river continues. A tug with two launches started out again with provisions for hundreds of persons and will visit the water-bound inhabitants below this city. The worst danger exists in the lower river bottoms, where seventy-five families live in stalled houses, that are now partly under water.

Commander de Steiguer of the Panther brought his ship safely through last week's hurricane off the southern Atlantic coast on his way from the Brooklyn navy yard to Guantanamo, Cuba. His vessel was battered by the gale and its wireless outfit put out of business. Fears were entertained because of the ship's silence that she had foundered.

#### ADMITS WORLD

#### TRUST IN ALUMINUM

President of American Company Objects to Reducing Tariff.

Washington, Jan. 15.—Existence of an international agreement covering the aluminum industry was revealed at the session of the house committee on ways and means. President Arthur V. Davis of the Aluminum Company of America admitted that his company, the only aluminum manufacturer in the United States, owned the Canadian Aluminum company, which, in turn, had perfected agreements with all of the six or seven foreign aluminum companies. This agreement, he said, covers all the world except the United States, which he admitted to Representative Rainey of Illinois was excepted because there is a law here prohibiting it.

The admission of this agreement amazed members of the committee, some of whom pointed out that along with previous testimony regarding foreign trusts in other industries, it presented a problem never before faced by a tariff-making committee.

#### FIVE MINERS KILLED

Tons of Rock Fall From Roof of Drift at Joplin.

Joplin, Mo., Jan. 15.—Five men were killed in the Hartford Zinc Mining company's mine, near here, when they were buried under tons of rock and dirt, which fell from the roof of drift in which they were working. The victims, all residents of Galena, Kan., were: Richard Vickery, George Wright, Montgomery Macomb, William Archer and Ivan Leisure. The men were working sixty-five feet from the shaft when, without warning, a huge slab of rock and dirt fell on them.

#### Diphtheria in St. Louis School.

St. Louis, Jan. 15.—Twelve children from the St. Louis industrial school are seriously ill with diphtheria at the City isolation hospital, and the industrial school is under strict quarantine, as the result of an epidemic that has broken out there for the second time this winter. More than 300 children and twenty-six instructors and employees are under quarantine in the school. Thirty-eight children have been taken to the isolation hospital and 150 cases of diphtheria were found in cultures from the school examined by the city bacteriologist. The children infected have been isolated.

#### Suit for Profits of Sporting News.

St. Louis, Jan. 15.—Al H. Spink filed suit here for an accounting against his brother, Charles C. Spink, and the Sporting News Publishing company. He charges that in August, 1895, he turned over to Charles all his interest in the publishing company. Charles to manage the property for fifteen years, then turn over to Al one-half the profits of fifteen years. He says Charles and his son, J. G. Taylor-Spink, have made a fortune out of the Sporting News Publishing company, their profits exceeding \$50,000 a year.

#### Eccentric Woman Dies in Cheyenne.

Cheyenne, Wyo., Jan. 15.—The body of Miss Margaret Henne, rich and eccentric woman, was buried here. It is predicted that her executors will have a difficult problem settling her estate, as she kept no books, carrying most of her business in her head. The value of her estate will probably exceed \$100,000. No will has been found, although it is asserted that she executed one some time ago.

## WAR SOON TO BE RESUMED

Campaign Against Turks May Be Reopened Within Week.

#### POWERS NOTE NOT EFFECTIVE

Balkan Delegates Wait Its Delivery Only Through Courtesy—Ottomans Playing for Delay—Porte Has No Intention of Giving Up Adrianople.

London, Jan. 15.—Unless unforeseen events should change the current of affairs, the war in the near east will be resumed within a week and Europe will witness the horrors of a winter campaign.

The allies have made up their minds to take up arms a second time. The Turks were threatening to leave London and let matters take whatever course they might. Now the Balkan delegates are convinced that the Turks are merely drifting without a fixed policy, and they have decided to end the seemingly fruitless debates and wire pulling and begin the battles anew where they left off more than a month ago.

The Ottoman government failed to convene the grand council and apparently has no intention of meeting the allies' ultimatum on Adrianople. The allies do not believe in the efficacy of the note which the powers will present at Constantinople, because it is couched in too mild terms and simply advises Turkey to submit to the fate of the war and abandon Adrianople for fear of complications in other parts of the empire at a time when Turkey could not find moral or financial support in Europe.

#### WILSON SENDS IN MESSAGE

Governor Makes Final Appeal to Legislature of New Jersey.

Trenton, N. J., Jan. 15.—President elect Woodrow Wilson, in his capacity as governor of New Jersey, sent his second annual message to the legislature, which convened. It was his last formal appeal to the legislature for the completion of the program of progressive legislation for which he declared himself when he took office.

Foremost among the laws advocated are a radical revision of the statutes governing corporations and better laws in the matter of drawing juries. The governor recommends the commission form of government for cities and speaks strongly in favor of economics in the state administration. In conclusion, he expresses the hope that New Jersey will ratify the constitutional amendments providing for a tax on incomes and the election of United States senators by direct vote of the people.

#### TWO NEW SENATORS ELECTED

Thomas and Shafroth Are Chosen by Legislature of Colorado.

Denver, Jan. 15.—Former Governor Charles S. Thomas and Governor John F. Shafroth (Dems.) were elected United States senators from Colorado. Twelve Republicans in the house and three in the senate voted for Democratic candidates in compliance with pledges taken prior to the November election to support those receiving the highest primary vote. The vote: Short term—Thomas (Dem.), 88; Wadsworth (Rep.), 9; Vincent (Prog.), 1; Stevens (Pro.) 1; absent, 1. Long term—Shafroth (Dem.), 86; Dawson (Rep.), 11; Catlin (Prog.), 1; Hunter (Dem.), 1; absent, 1.

#### Tafe to Live in Hotel at New Haven.

New Haven, Conn., Jan. 15.—President Taft will make his home for a time at least next spring at the hotel here bearing his name. It was said that the entire sixth floor front was being set apart for Mr. Taft, where he would have nine rooms. The only remodeling of the apartments is the installation of a special bath, which will be three feet wide, six feet long and four feet deep. Mr. Taft is expected here about Feb. 1, as he plans to go south for a few weeks after leaving the White House.

#### Sterling Gives His Pledge.

Pierre, S. D., Jan. 15.—Thomas Sterling, the Republican primary election nominee for the United States, issued a signed statement that he is opposed to a third party organization and that if selected to the senate he will work with the progressive wing of the Republican party, and not ally himself with any third party movement, which statement practically insures his selection on the first ballot.

#### Johnson Taken From Train.

Battle Creek, Mich., Jan. 15.—Jack Johnson, the negro fighter, charged with violation of the Mann law, was taken from a Grand Trunk Canada-bound train here by local officers at the request of federal authorities in Chicago. The offense charged against the fighter is not extraditable and it was feared he was trying to avoid trial by "jumping" his bail bond of \$30,000 and leaving the United States.

#### Woman Knocks Out Bandit.

Kansas City, Jan. 15.—Mrs. G. W. Burch of this city resisted the attack of a highwayman, who tried to rob her on the Paseo here, and after a ten minute struggle the man was worsted. As he fled he nursed a face bleeding from numerous blows and scratches she had administered.

## AMENDMENT TO BILL BEATEN.

Republicans Joined in Negative Vote  
by Many Democrats—Appropriation  
Act Passed—Measure Carried Two  
Hundred and Seventy-eight Millions.

Washington, Jan. 15.—An attempt to revoke President Taft's recent order placing fourth class postmasters under the classified civil service and to remove from classification assistant postmasters and clerks in first and second class postoffices by an amendment to the postoffice appropriation bill failed in the house. The bill, carrying \$278,489,781, was passed.

The amendment, offered by Cullop (Ind.), provided for the revocation of the executive order of Oct. 15, 1912, by which President Taft exempted some 30,000 fourth class postmasters from the "political job" class, and the order of Sept. 30, 1910, which classified assistant postmasters and clerks in first and second class offices, was defeated on a roll call vote, 141 to 106. The Republicans voted practically solid against the amendment and they were joined by many Democrats.

An attempt was made by Representative Murdock (Kan.) to place in the bill an amendment to prevent the carrying through the mails of publications printing liquor advertisements into prohibition states. The amendment was ruled out of order.

The bill shows an increase of about \$7,000,000 over the postal appropriations for the present year, due in part to the expenses of the parcels post.

## WINKFIELD STEALS LETTERS

Messenger Tells of Taking Records  
From Archbold's Office.

Washington, Jan. 15.—William W. Winkfield of Chicago, formerly employed by the Standard Oil company as a messenger, told the senate campaign fund investigating committee how he and another employee named Stump took two letters from the desk of John D. Archbold of the Standard Oil company and disposed of them for \$1,000 each. He also told of selling a copy of a telegram for \$1,000 and lending two copy books of letters, for which \$500 was paid. Of the amounts received Winkfield said he received one-third.

Winkfield could not recall the contents of the two letters or the telegrams, to whom they were addressed or the signatures attached. He said the letters were taken in the fall of 1904 and were published by the New York American.

## FUNERAL SERVICES WEDNESDAY.

Mrs. Sarah Taylor Zinky of San Antonio, Texas, Buried at Her Old Home in Graham.

The funeral services for Mrs. W. B. Zinky, who died Saturday morning at her home in San Antonio, Texas, were held Tuesday afternoon at the Presbyterian church in Graham, conducted by the pastor, Rev. Parker. The services were largely attended by old friends of the deceased, who was born and reared at that place.

Mrs. Zinky is survived by her husband and two children—Raymond, aged 12, and Alice, aged 10. Also three brothers and a sister, W. A. Taylor of Chicago, Edward R. Taylor of Colorado Springs and Mrs. Jonas Shields of New Point, Mo., who were present at the funeral. Another brother, Samuel A. Taylor, lives at Rocky Ford, Colo., and was unable to come.

Other relatives at the funeral were Mr. and Mrs. Jacob Zinky of Seward, Neb., the parents of the bereaved husband and a brother, George Zinky of South Bend, Ind.

Mrs. Zinky was Miss Sarah Taylor of Graham. She was married to her husband April 8, 1899. She has been in declining health for some time, and for year was a sufferer from tuberculosis. The family have been living at Houston, Texas, the past thirteen years. Six months ago they moved to San Antonio in hope of saving her life.

From the Beginning of Time in  
Female Hands.

Agriculture today depends chiefly upon the work of the primeval woman. We are indebted to the nomad's wife for the greatest of all economic services. She tamed the young of the more tamable animals, gave them to her savage husband, and made of him the more civil herdsman who for ages followed his flocks after the manner of Jacob and Lot and Job. This fertile wife of the nomad became the wife of farmers, and she made a farmer of her son by placing in his hand the precious seed of the grains, the present basis of agriculture, the bread of man, and the concentrated food of all our domestic animals.

Where did this ancient mother get these precious seeds? In many cases we do not know, and cannot even guess. She found some plant with one or two rich seeds, planted them, and then generation after generation her descendants picked over their little grain patches, selecting seeds to be preciously preserved from the harvest festival to the next spring planting festival, which we now call Easter. By this process, running on through unknown generations of men, the plants became so changed by the artificial application of Darwin's law of selection that now no botanist dares suggest what plant or plants were the wild forebears of some of the present grains from which the world today obtains its bread.

We are indebted to this cave or tent dwelling woman. But shall we accept her work as final? Can science do no better than follow along the path she laid out? The fact that agricultural science is today doing little more than this is one of the pathetic illustrations of the smallness of our view.—Prof. J. Russell Smith, in Harper's Magazine.

New Residents Arrive.  
Misses Ona Katherine and Ethel Wallace of Clearmont, the daughters of our new sheriff, Ed Wallace, arrived in Maryville Tuesday to make their home. Mrs. Wallace will come Wednesday. The little girls were accompanied by their children, two big beautiful dolls, that were as well dressed as their mothers, including a lovely set of furs each.

Surely Banishes Catarrh.  
Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs.

You can't kill them with stomach medicine or sprays because they can't get where germs are.

You can kill these germs with Booth's HYOMEI, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ infested membrane. It does not contain morphine or any habit forming drug.

For catarrh, croup, coughs and colds.

HYOMEI is sold on money back

### What Happened 43 Years Ago

Interesting Items Taken From  
The Democrat Files.

Maryville in 1869.

It may be interesting to our readers to know what we have done as a town for the year 1869. There are particular periods in the history of almost every place of which the citizens thereof are proud; we hardly think that time has passed with us yet, though we have done much the past year of which we can boast. Many valuable improvements have been made and we are rapidly building up a town that, in a short time, can put on city airs and wear them with grace.

There have been one hundred and ten dwelling houses built within the past year, at an average cost of \$700 each.

Seven business houses have been erected at an average cost of \$3,000. Two churches costing \$4,000 each; an addition to the Catholic church at a cost of \$1,500; one grist mill costing \$70,000, and school house \$7,000.

The foregoing foots up \$117,600 of wealth added, and no estimate made of repairs, additions and other improvements made, which will foot up about \$15,000 more.

Twelve of our leading business houses sold \$320,000 worth of goods, wares and merchandise during the year 1869, and smaller houses about \$30,000, making \$350,000 of merchandise sold in one year, which exceeds the sale of any former year by \$150,000.

Our population, which at the commencement of the year 1869, was about 1,200, is now at least 1,700.

Twelve months ago our sidewalks were confined to the front of some of our business houses; now they extend almost the entire length of Main street, and on First to the school house.

From the foregoing it will be seen that we have added to our wealth and population at least 50 per cent. The policy of our real estate holders has been, as a general thing, to encourage improvement instead of forcing their property away up, and out of reach of those who would invest their capital here in lots and improvements.

But the substantial progress of Maryville has not by any means been confined to an increase of wealth, population and business. Our city government has been efficient during the past year in suppressing lawlessness and turbulence, till Maryville has become one of the best regulated and most orderly towns in the state, and with this improvement has come a corresponding progress in the moral and social conditions of the city. In taking this brief review of the history of Maryville for the year ending December 31, 1869, we feel much whereupon we may congratulate ourselves and abundant grounds wherein we may build very flattering prophecies for the progress of the coming year.

ELMO TO VOTE ON BONDS TO BUY  
LIGHT PLANT.

### TOWN WITHOUT LIGHTS

People Would Rather Spend Money to  
Own and Operate Plant Than Go  
Back to Coal Oil Lamps.

The citizens of Elmo are planning to own their electric light plant, and within the next few weeks an election will be held in that town to vote on a bond issue of \$3,000, so as to buy the present plant there, which is now shut down.

The present plant was put in at Elmo by the former financier of that town, Joe Younger. When Joe got into financial difficulties the plant was put under the receiver, George Walton of Elmo. Just a few weeks ago the receivership of the Younger properties was discharged as a settlement had been made in several of the cases against Younger. The plant was sold a week or so ago to Mr. Fuqua of Texas, who had a second mortgage on the plant, and subject to the first mortgage.

Since the plant was sold the light service has been discontinued there and there has been no service since a week ago Monday. The Elmo people can't get along without the electric lights, and they do not want to go back to using oil lamps. So a petition is being circulated and about two-thirds of the voters of that town signed it. The petition will be presented to the town board of Elmo and they will set aside a day when the matter will be voted on.

Outside of Maryville, Burlington Junction is the only town in the county that has an electric light plant.

#### ON THE DIVIDE.

Mr. and Mrs. R. W. Ambrose and son were Maryville business callers Saturday.

Mrs. Henry Coulter and daughter were Sunday guests of her parents, Mr. and Mrs. T. S. Wright.

Several young folks of this vicinity attended the party given at the home of R. R. Smith of Arkoe.

John Ambrose spent Sunday the guest of Roxy Wilson at Walter Coulter's home.

Mr. and Mrs. Jesse Douglas and Mrs. B. M. Chandler were Maryville visitors Tuesday.

Willie Furlong just returned from a trip in the south with a view of locating.

There seems to be a great amount of sickness in this vicinity.

It seems to be too cold for news to fly, so news with me is scarce for this time.

#### HEALTHY WOMEN SCARCE.

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run down, thin, nervous, tired and devitalized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic with oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but thanks to Vinol, I am feeling all right again."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. O'rear-Henry Drug Co., Maryville, Mo.—Advertisement.

#### BURLINGTON JUNCTION.

The skating rink is doing a good business.

Loren Smith of Shenandoah visited over Sunday with his mother, Mrs. Florence Smith.

J. N. Norris & Co., the local poultry dealers, have shipped 40,000 pounds of chickens since December 31, and have a car of about 19,000 pounds going out the last of this week. They ship to New York and Brooklyn.

Be sure and attend the home talent play, "The Face at the Window," at the Grand opera house Friday, January 17.

The M. E. Sunday school will give a banquet at the I. O. O. F. hall Thursday, the 16th.

Lewis Miller was the guest of his mother in Maryville Sunday.

Lon Monk and G. E. Surface have got an extra force on duty putting up ice.

You can skate every afternoon and evening at the rink.

George Kemp and wife were in town Tuesday night.

#### PAPE'S DIAEPSIN REGULATES STOMACH.

Time It! In Five Minutes Gas, Sourness and Indigestion is Gone.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. and Mrs. Dyspeptic jot this down: Pape's Diaepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diaepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diaepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diaepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

## SAYS CENTRAL BANK NECESSARY

St. Louis Man Addresses House  
Banking Committee.

### TEXAS MAN SUBMITS PLAN.

He Proposes a Currency Bank With  
Eight Branch Stations Owned by the  
Government to Make Loans to Banks  
in Emergencies.

Washington, Jan. 15.—"This country  
can never have a sound monetary sys-  
tem without a central bank," declared  
Festus G. Wade of St. Louis, a mem-  
ber of the banking and currency com-  
mittee of the American Bankers' asso-  
ciation, before the house currency re-  
form committee. Mr. Wade said the  
so called Aldrich plan proposed the  
best system that had come under his  
observation.

Chairman Glass said the Democratic  
party's declaration against the Aldrich  
plan practically precluded the consid-  
eration of the central bank feature  
and asked for an opinion on a system of  
divisional reserve banks, supervised  
by a central board.

"You may be able to work that out,"  
the witness replied, "but the system  
will not be sound without the central  
bank."

Mr. Wade insisted Democratic oppo-  
sition to a central bank was largely  
sentimental and recommended that the  
committee report a measure similar  
to the Aldrich bill.

"Whether it is sentiment or the  
ghost of Andrew Jackson," replied  
Chairman Glass, "there is an insur-  
mountable political obstacle to the  
Aldrich plan."

Proposes Currency Bank.

James E. Ferguson, a banker of  
Temple, Tex., submitted a bill to es-  
tablish in connection with the office of  
the comptroller of the currency "the  
currency bank of the United States,"  
with branches, to be known as "cur-  
rency stations," and authorize the is-  
sue of \$700,000,000 in currency by the  
United States government. The plan  
contemplated the loan of currency to  
banks on commercial paper at 5 per  
cent interest. Mr. Ferguson said only  
an elastic currency issued by the gov-  
ernment itself would meet panic con-  
ditions.

### FARMER SHARES PROFITS

Is Paid More for His Live Stock Than  
One Year Ago.

Washington, Jan. 15.—The farmer  
was sharing the profits of the in-  
creased cost of living as far as the in-  
creased cost paid for meats on Dec. 15  
last, as compared with those of a  
year ago, according to figures an-  
nounced by the department of agriculture.  
At the same time the farmer was  
receiving less for his staple crops  
than he did a year previous.

Average prices received by produc-  
ers on Dec. 15 last showed hogs sell-  
ing at \$6.88 per 100 pounds, an in-  
crease of \$1.17 over the same time in  
1911; beef cattle at \$5.33 were 96  
cents higher; veal calves at \$6.88 were  
90 cents higher; sheep at \$4.21 were  
50 cents higher, and lambs at  
\$5.70 were 77 cents higher. Hogs,  
veal calves and sheep were lower than  
in 1911.

Prices paid to farmers for staple  
crops on Jan. 1 averaged about 17.2  
per cent lower than at the same time  
last year.

### NEW RANGE LAW IS NEEDED

President Jastro Opens Convention  
of Stockmen.

Phoenix, Ariz., Jan. 15.—The need of  
stringent federal laws safeguarding  
the rights of stockmen and extending  
their privileges was advocated by N.  
A. Jastro, president of the American  
National Live Stock association, at the  
opening session of its annual conven-  
tion. Mr. Jastro attributed the fact  
that the United States has less live  
stock per capita than ever before to  
the unsatisfactory range conditions,  
"arising out of indiscriminate grazing  
and the scramble to secure what is  
left of the already depleted ranges."  
Federal regulation, he asserted, of-  
fered the only solution of the prob-  
lem.

Cadet Who Married is Under Arrest.

West Point, N. Y., Jan. 15.—Elmer  
J. Adler of Billings, Mont., the cadet  
who ran away a week ago to marry  
Florence E. Davis of Tarrytown, is un-  
der arrest here, having voluntarily re-  
turned to face charges of absence  
without leave. He has been stripped  
of his rank as sergeant, but the mili-  
tary academy authorities have refused  
to accept the letter of resignation  
which he submitted, as Adler is not of  
age. He will be allowed to continue  
work with his classes until Commandant  
Sladen learns from the officials  
at Washington just what action will  
be taken in his case.

Ohio River Continues to Rise.

Evansville, Ind., Jan. 15.—Relief  
work among the flood sufferers along  
the Ohio river continues. A tug with  
two launches started out again with  
provisions for hundreds of persons  
and will visit the water-bound inhabi-  
tants below this city. The worst dan-  
ger exists in the lower river bottoms,  
where seventy-five families live in  
tilted houses, that are now partly un-  
tilled water.

Commander de Steiguer of the Panther  
brought his ship safely through last  
week's hurricane off the southern Atlantic  
coast on his way from the Brooklyn navy  
yard to Guantanamo, Cuba. His vessel  
was battered by the gale and its wireless  
outfit put out of business. Fears were ex-  
tended because of the ship's silence  
that she had foundered.

### ADMITS WORLD TRUST IN ALUMINUM

Proposes Currency Bank.

President of American Company

### Objects to Reducing Tariff.

Washington, Jan. 15.—Existence of  
an international agreement covering  
the aluminum industry was revealed  
at the session of the house committee  
on ways and means. President Arthur  
V. Davis of the Aluminum Company of  
America admitted that his com-  
pany, the only aluminum manufactory  
in the United States, owned the Can-  
adian Aluminum company, which, in  
turn, had perfect agreements with  
all of the six or seven foreign alum-  
inum companies. This agreement, he  
said, covers all the world except the  
United States, which he admitted to  
Representative Rainey of Illinois was  
excepted because there is a law here  
prohibiting it.

The admission of this agreement  
amazed members of the committee,  
some of whom pointed out that along  
with previous testimony regarding for-  
eign trusts in other industries, it pre-  
sented a problem never before faced  
by a tariff-making committee.

### FIVE MINERS KILLED

Tons of Rock Fall From Roof of Drift  
at Joplin.

Joplin, Mo., Jan. 15.—Five men  
were killed in the Hartford Zinc Min-  
ing company's mine, near here, when  
they were buried under tons of rock  
and dirt, which fell from the roof of  
a drift in which they were working.  
The victims, all residents of Galena,  
Kan., were: Richard Vickery, George  
Wright, Montgomery Macomb, Will-  
iam Archer and Ivan Leisure. The  
men were working sixty-five feet from  
the shaft when, without warning, a  
huge slab of rock and dirt fell on them.

Diphtheria in St. Louis School.

St. Louis, Jan. 15.—Twelve children  
from the St. Louis industrial school  
are seriously ill with diphtheria at the  
City isolation hospital, and the indus-  
trial school is under strict quarantine,  
as the result of an epidemic that has  
broken out there for the second time  
this winter. More than 300 children  
and twenty-six instructors and em-  
ployees are under quarantine in the  
school. Thirty-eight children have  
been taken to the isolation hospital  
and 150 cases of diphtheria were found  
in cultures from the school examined  
by the city bacteriologist. The chil-  
dren infected have been isolated.

Suit for Profits of Sporting News.

St. Louis, Jan. 15.—Al H. Spink filed  
suit here for an accounting against his  
brother, Charles C. Spink, and the  
Sporting News Publishing company.  
He charges that in August, 1895, he  
turned over to Charles all his interest  
in the publishing company. Charles  
to manage the property for fifteen years,  
then turn over to Al one-half the  
profits of fifteen years. He says  
Charles and his son, J. G. Taylor  
Spink, have made a fortune out of  
the Sporting News Publishing company,  
their profits exceeding \$50,000 a  
year.

Eccentric Woman Dies in Cheyenne.

Cheyenne, Wyo., Jan. 15.—The body  
of Miss Margaret Henne, rich and ec-  
centric woman, was buried here. It is  
predicted that her executors will have  
a difficult problem settling her estate,  
as she kept no books, carrying most of  
her business in her head. The value  
of her estate will probably exceed  
\$100,000. No will has been found, al-  
though it is asserted that she executed  
one some time ago.

## WAR SOON TO BE RESUMED

Campaign Against Turks May Be  
Reopened Within Week.

### POWERS NOTE NOT EFFECTIVE

Balkan Delegates Wait Its Delivery  
Only Through Courtesy—Ottomans  
Playing for Delay—Porte Has No  
Intention of Giving Up Adrianople.

London, Jan. 15.—Unless unforeseen  
events should change the current of  
affairs, the war in the near east will  
be resumed within a week and Eu-  
rope will witness the horrors of a  
winter campaign.

The allies have made up their  
minds to take up arms a second time.  
The Turks were threatening to leave  
London and let matters take what-  
ever course they might. Now the Bal-  
kan delegates are convinced that the  
Turks are merely drifting without a  
fixed policy, and they have decided to  
end the seemingly fruitless debates  
and wire pulling and begin the battles  
where they left off more than a  
month ago.

The Ottoman government failed to  
convene the grand council and appar-  
ently has no intention of meeting the  
allies' ultimatum on Adrianople. The  
allies do not believe in the efficacy of  
the note which the powers will pre-  
sent at Constantinople, because it is  
couched in too mild terms and sim-  
ply advises Turkey to submit to the  
fate of the war and abandon Adriano-  
ple for fear of complications in other  
parts of the empire at a time when  
Turkey could not find moral or finan-  
cial support in Europe.

WILSON SENDS IN MESSAGE

Governor Makes Final Appeal to Legis-  
lature of New Jersey.

Trenton, N. J., Jan. 15.—President  
elect Woodrow Wilson, in his capacity  
as governor of New Jersey, sent his  
second annual message to the legisla-  
ture, which convened. It was his last  
formal appeal to the legislature for  
the completion of the program of pro-  
gressive legislation for which he de-  
clared himself when he took office.

Foremost among the laws advo-  
cated are a radical revision of the  
statutes governing corporations and  
better laws in the matter of drawing  
juries. The governor recommends the  
commission form of government for  
cities and speaks strongly in favor of  
economics in the state administration.  
In conclusion, he expresses the hope  
that New Jersey will ratify the consti-  
tutional amendments providing for a  
tax on incomes and the election of  
United States senators by direct vote  
of the people.

TWO NEW SENATORS ELECTED

Thomas and Shafrroth Are Chosen by  
Legislature of Colorado.

Denver, Jan. 15.—Former Governor  
Charles S. Thomas and Governor John  
P. Shafrroth (Dems.) were elected  
United States senators from Colorado.  
Twelve Republicans in the house and  
three in the senate voted for Demo-  
cratic candidates in compliance with  
pledges taken prior to the November  
election to support those receiving  
the highest primary vote. The vote:  
Short-term—Thomas (Dem.), 88; Wat-  
erman (Rep.), 9; Vincent (Prog.), 1;  
Stevens (Pro.) 1; absent, 1. Long  
term—Shafrroth (Dem.), 86; Dawson  
(Rep.), 11; Catlin (Prog.), 1; Hunter  
(Dem.), 1; absent, 1.

Taft to Live in Hotel at New Haven.

New Haven, Conn., Jan. 15.—President  
Taft will make his home for a  
time at least next spring at the hotel  
here bearing his name. It was said  
that the entire sixth floor front was  
being set apart for Mr. Taft, where he  
would have nine rooms. The only re-  
modeling of the apartments is the in-  
stallation of a special bath which will  
be three feet wide, six feet long and  
four feet deep. Mr. Taft is expected  
here about Feb. 1, as he plans to go  
south for a few weeks after leaving  
the White House.

Sterling Gives His Pledge.

Pierre, S. D., Jan. 15.—Thomas Ster-  
ling, the Republican primary election  
nominee for the United States, issued  
a signed statement that he is opposed  
to a third party organization and that  
if selected to the senate he will work  
with the progressive wing of the Re-  
publican party, and not ally himself  
with any third party movement, which  
statement practically insures his se-  
lection on the first ballot.

Johnson Taken From Train.

Battle Creek, Mich., Jan. 15.—Jack  
Johnson the negro fighter, charged  
with violation of the Mann law, was  
taken from a Grand Trunk Canadian  
bound train here by local officers at  
the request of federal authorities in  
Chicago. The offense charged against  
the fighter is not extraditable and it  
was feared he was trying to avoid  
trial by "jumping" his bail bond of  
\$30,000 and leaving the United States.

office Jobs From Civil Service.

## AMENDMENT TO BILL BEATEN.

Republicans Joined in Negative Vote  
by Many Democrats—Appropriation  
Act Passed—Measure Carried Two  
Hundred and Seventy-eight Millions.

Washington, Jan. 15.—An attempt to revoke President Taft's recent order placing fourth class postmasters under the classified civil service and to remove from classification assistant postmasters and clerks in first and second class postoffices by an amendment to the postoffice appropriation bill failed in the house. The bill, carrying \$278,489,781, was passed.

The amendment, offered by Culpeper (Ind.), provided for the revocation of the executive order of Oct. 15, 1912, by which President Taft exempted some 30,000 fourth class postmasters from the "political job" class, and the order of Sept. 30, 1910, which classified assistant postmasters and clerks in first and second class offices, was defeated on a roll call vote, 141 to 106. The Republicans voted practically solid against the amendment and they were joined by many Democrats.

An attempt was made by Representative Murdoch (Kan.) to place in the bill an amendment to prevent the carrying through the mails of publications printing liquor advertisements into prohibition states. The amendment was ruled out of order.

The bill shows an increase of about \$7,000,000 over the postal appropriations for the present year, due in part to the expenses of the parcels post.

## WINKFIELD STEALS LETTERS

Messenger Tells of Taking Records  
From Archbold's Office.

Washington, Jan. 15.—William W. Winkfield of Chicago, formerly employed by the Standard Oil company as a messenger, told the senate campaign fund investigating committee how he and another employee named Stump took two letters from the desk of John D. Archbold of the Standard Oil company and disposed of them for \$1,000 each. He also told of selling a copy of a telegram for \$1,000 and lending two copy books of letters, for which \$500 was paid. Of the amounts received Winkfield said he received one-third.

Winkfield could not recall the contents of the two letters or the telegrams, to whom they were addressed or the signatures attached. He said the letters were taken in the fall of 1904 and were published by the New York American.

Where did this ancient mother get these precious seeds? In many cases we do not know, and cannot even guess. She found some plant with one or two rich seeds, planted them, and then generation after generation her descendants picked over their little grain patches, selecting seeds to be precisely preserved from the harvest festival to the next spring planting festival, which we now call Easter. By this process running on through unknown generations of men, the plants became so changed by the artificial application of Darwin's law of selection that now no botanist dares suggest what plant or plants were the wild forebears of some of the present grains from which the world today obtains its bread.

We are indebted to this cave or tent dwelling woman. But shall we accept her work as final? Can science do no better than follow along the path she laid out? The fact that agricultural science is today doing little more than this is one of the pathetic illustrations of the smallness of our view.—Prof. J. Russell Smith, in Harper's Magazine.

**Six Million Acres Thrown Open.**  
Washington, Jan. 15.—Under a decision of the department of the interior more than 6,000,000 acres of Indian lands, in several western states, have been thrown open to homesteaders and Indians for free grazing purposes. The lands are designated as ceded Indian lands and are scattered throughout Wyoming, Montana, North and South Dakota and California.

## FUNERAL SERVICES WEDNESDAY.

Mrs. Sarah Taylor Zinky of San Antonio, Texas, Buried at Her Old Home in Graham.

The funeral services for Mrs. W. B. Zinky, who died Saturday morning at her home in San Antonio, Texas, were held Tuesday afternoon at the Presbyterian church in Graham, conducted by the pastor, Rev. Parker. The services were largely attended by old friends of the deceased, who was born and reared at that place.

Mrs. Zinky is survived by her husband and two children—Raymond, aged 12, and Alice, aged 10. Also three brothers and a sister, W. A. Taylor of Chicago, Edward R. Taylor of Colorado Springs and Mrs. Jonas Shields of New Point, Mo., who were present at the funeral. Another brother, Samuel A. Taylor, lives at Rocky Ford, Colo., and was unable to come.

Other relatives at the funeral were Mr. and Mrs. Jacob Zinky of Seward, Neb., the parents of the bereaved husband and a brother, George Zinky of South Bend, Ind.

Mrs. Zinky was Miss Sarah Taylor of Graham. She was married to her husband April 8, 1899. She has been in declining health for some time, and for a year was a sufferer from tuberculosis. The family have been living at Houston, Texas, the past thirteen years. Six months ago they moved to San Antonio in hope of saving her life.

## WORLD OWES DEBT TO WOMAN

**Fostering of Agriculture Has Been From the Beginning of Time in Female Hands.**

Agriculture today depends chiefly upon the work of the primal woman. We are indebted to the nomad's wife for the greatest of all economic services. She tamed the young of the more tamable animals, gave them to her savage husband, and made of him the more civil herdsman who for ages followed his flocks after the manner of Jacob and Lot and Job. This fertile wife of the nomad became the wife of farmers, and she made a farmer of her son by placing in his hand the precious seed of the grains, the present basis of agriculture, the bread of man, and the concentrated food of all our domestic animals.

Where did this ancient mother get these precious seeds? In many cases we do not know, and cannot even guess. She found some plant with one or two rich seeds, planted them, and then generation after generation her descendants picked over their little grain patches, selecting seeds to be precisely preserved from the harvest festival to the next spring planting festival, which we now call Easter. By this process running on through unknown generations of men, the plants became so changed by the artificial application of Darwin's law of selection that now no botanist dares suggest what plant or plants were the wild forebears of some of the present grains from which the world today obtains its bread.
